Scenario:#8a Trial Design Section Display Rules Associated with Observational/Ancillary Correlative Clinical Research Category
Given I can View TSR document
And the Trial Design Section fields will be displayed following the rules below

TSR Section	Field	Field Required	Display Rule when Field Blank
Trial Design	Primary purpose	Required	Display "No data available"
	Description of Other Primary Purpose	Not Required	Field not Displayed
	Trial Phase	Required	Display "No data available"
	Study Model	Required	Display "No data available"
	Time Perspective	Required	Display "No data available"
	Description for Other Time Perspective	Not Required	Field not Displayed
	Bio-Specimen Retention	Required	Display "No data available"
	Bio-Specimen Description	Required	Display "No data available"
	Number of Arms/Groups	Required	Display "No data available"
	Target Enrollment	Required	Display "No data available"

Trial Design

Trial Design - Ancillary Correlative

Clinical Research Category:* Ancillary Correlative

Primary Purpose:* Diagnostic

Trial Phase:* II/III

Is this a pilot?: (•) Yes ( ) No

Study Model: - Please select a study model...

Time Perspective: - Please select a time perspective...

Bio-specimen Retention: - Please select a bio-specimen retention...

Bio-specimen Description:

Number of Arms/Groups:

Target Enrollment:* 22

Final Enrollment for CT.gov:

Accruals: 0
